

## Risk Management in Enterprises Program

**Mobaderoon**, a civil and commercial training company registered in Commercial Register No. /6/ bears a societal responsibility within a vision that works on “building trust and understanding to support and sustain peaceful coexistence” by providing research and training work in all its forms, developing the administrative capacities of institutions and teams, and completing studies and surveys, workshops and conferences in the field of raising awareness and community support.

In its work, Mobaderoon follows developed approaches to empower individuals and groups with specialized knowledge that matches their local needs and enables them to activate their roles in their societies in all areas of their work. Mobaderoon has been the fruit of diverse knowledge since 2009, and this knowledge is shared through providing consultations and training programs, which serve the needs of capacity building at several levels, including programs that support youth and leaders, programs that support children and adolescents, and programs that support owners of social initiatives and projects. Mobaderoon provides its training and advisory services to:

- Organizations, institutions and associations of civil society.
- Companies and commercial establishments affiliated with the private sector.
- Teams, individuals and entrepreneurs.

### **Awards:**

Mobaderoon is proud of the recognition by many international bodies for its programs and services. Mobaderoon was awarded the following awards:

1. Livia Foundation Prize 2014 for its work in peacebuilding.
2. The Economic Citizenship Award in 2017 for its work with street children.
3. The 2019 Facilitation Gold Award for its pioneering use of facilitation in its programs to create positive change.

## **What is the Risk Management in Enterprises program?**

Risk management in enterprises is an integrative process that aims to place procedures within an enterprise to work on identifying and assessing risks, and then to deal with them by means of mitigating their impact or the probability of their occurrence.

Mobaderoon seeks to empower and build the capacities of enterprises and associations in the society through this process so they become capable of dealing with their risks, understanding them, and mapping out alternative helping solutions based on their resources.

### **Program objective**

- Introducing Enterprise Risks to the participants.
- Empowering the participants to run the risk management process in enterprises.
- Empowering the participants to utilize the risk management tools, and to develop a risk management plan in enterprises.

### **Target Group**

This training targets workers in Civic Based Organizations (CBOs), associations, and teams that seek institutionalization, and entrepreneurial business owners.

### **Program Journey**

1. Getting to know the concepts of risk in enterprises, and risk management in enterprises.
2. The stages of the risk management process in enterprises:
  - 1<sup>st</sup> stage: identifying risk
  - 2<sup>nd</sup> stage: assessing risk
  - 3<sup>rd</sup> stage: the procedures of dealing with risk
  - 4<sup>th</sup> stage: risk management plan
  - 5<sup>th</sup> stage: following up with the plan
3. The participants should, by the end of the two training days, be able to plan for risk, and return with the attached educational aids to their enterprises to implement what has been learnt throughout the training. Technical consultations can be provided for the enterprises, as well as supporting them whilst developing the risk management plan.

## Program Expected Outcomes

- Identify and assess the risks the enterprise is subject to.
- A list of established procedures, and the procedures to follow to avoid risks, and mitigate their intensity and the probability of their occurrence.
- An enterprise capable of developing a risk management plan with applicable procedures, and of dealing with risk.
